

Ted Hanley

If a role model for "Citizen at Large, Mentor of the Homeless," was needed, we would have to choose Mr. Hanley. He has devoted many years to helping the homeless, underinsured and indigent people of Texas. In addition to the affiliations listed, he became a certified substance abuse counselor, to integrate mental health and substance abuse services into a community model at The Jesse Tree.

We are proud to have him as a member of the United Board of Health. **Affiliations**
