Items#1 Comments from the Public

There were no comments from the public

Items#2-8 Consent Agenda

A motion was made by Elizabeth Williams to approve consent agenda items two through seven and defer item eight. Kevin Avery seconded the motion, and the Board unanimously approved the consent agenda.

Item#9 Consider for Approval Financial Report Submitted by Ruth Cable

a) January 2025

Ruth Cable, Chief Financial Officer, presented the January 2025 financial report. A motion to accept the January 2025 finance report as presented was made by Sergio Cruz. Elizabeth Williams seconded the motion, and the Board unanimously approved.

Item#10 Coastal Health & Wellness Updates

- a) Organizational Updates Submitted by Executive Director
- b) Dental Updates Submitted by Dental Director
- c) Medical Updates Submitted by Medical Director
- d) Human Resources Updates Submitted by Human Resource Manager

Organizational Updates:

Philip Keiser, MD, presented the Coastal Health & Wellness Organizational Updates to the Governing Board.

Dental Updates:

Hanna Lindskog, DDS, updated the Board on Dental services in the Coastal Health & Wellness Clinic.

- Visit Numbers – Based on “FQHC Qual Enc” in NextGen
 - We continue to see walk-in patients in pain as we can fit them into our schedule.
 - We continue to release comprehensive exams on the 15th of every month.
 - For January 2025, the Dental Clinic had a very slight increase of 0.13% in qualifying encounters compared to January 2024.
 - The Dental Clinic had an increase of 2.52% in qualifying encounters when comparing February 1, 2024 – January 31, 2025, with February 1, 2023 – January 31, 2024.

- Dental Charges
 - For January 2025, the Dental Clinic had an increase in charges of 9.23% compared to January 2024.
 - The Dental Clinic had an increase of 12.10% in charges when comparing February 1, 2024 – January 31, 2025, with February 1, 2023 – January 31, 2024.

- Current projects, plans, department overview for dental
 - Dr. Lindskog continues to serve on the COM Hygiene School Advisory Board
 - Attended COM Advisory Board Joint Meeting on 2/25/2026
 - Exploring opportunities for rotations at CHW for dental hygiene students
 - UT Health School of Dentistry (Houston)
 - Exploring opportunities for rotations at CHW for dental students and residents
 - Head Start
 - February 21 Clinic Blitz was cancelled by the school due to low participation
 - Francine is working with the school to proactively complete packets for the 2025-2026 school year during their registration and Back to School events

Medical Updates:

School Based Clinic:	December	January
Students:	5	5
Staff:	0	0
Telehealth:	38	38
Total :	43	43
Telehealth/Doxyme:	December visits	January visits
	155	229
CHW Clinic Visits:	December visits	January visits
Kept:	1987	2127
No Shows:	679	686
No show rate:	25.5%	24.4%

COASTAL HEALTH & WELLNESS

Policy and Procedure

Regarding the Functions of the Coastal Health & Wellness Governing Board

I. Background

The CHW Governing Board (Board) acts as the oversight authority for the health center. The Board of a notforprofit organization is responsible for ensuring that the not-for-profit organization meets its legal and compliance requirements and is operating in accordance with its mission, code of conduct, and charitable purposes.

Centers are required to have a Board that is responsible and accountable for the oversight of the center, its finances, implementation of programs and services, and compliance with various laws and requirements. The center organizational documents and Bylaws determine the number and qualifications of the Board members; however, at least fifty-one percent (51%) of the Board members must be users of the center.¹ Board members are selected by the Board consistent with the Bylaws. Board members volunteer their time and services.

II. Policy²

The Board will provide leadership and oversight to the center, following the center Bylaws and establishing and following center policies and procedures.

III. Procedure

Expectations of Board members:

- A.** The Board will be engaged, informed and independent. The Board must assure proper use of and safeguard its assets (policies and practices) that:
 - 1. Protect against conflicts of interest.
 - 2. Support independent financial reviews.

¹ See [42 USC 254b\(k\)\(3\)\(H\)](#). This supports requirements for NCQA PCMH 2017 TC 04. Centers should also include Board Bylaws and Board roster displaying consumer members as evidence. Last accessed March 2018.

² This policy and procedure meets the requirements for the Joint Commission Element of Performance LD.01.01.01 CAMAC Update , July 2016 "The organization has a leadership structure." Last accessed March 2018.

B. An organization must be transparent via:

1. Board's decisions reflected in minutes.
2. Records retained for a reasonable time.
3. Whistleblowers protected.

C. Board members will sign a Board Roles and Responsibilities form. Board members are expected to:

1. Attend all meetings of the Board.
2. Attend orientation and training provided.
3. Review materials and participate in discussion of issues.
4. Represent the interests of all persons served by the center.
5. Endorse the Code of Conduct and sign the confidentiality acknowledgement statement.
6. Follow appropriate channels through the Executive Director to secure information and to resolve issues.
7. Exercise authority as a Board member only as delegated by the Board.

Duties of Governing Board:

Duties of the Governing Board include, without limitation, to be informed, loyal to the center mission and free of conflicts of interests, such that the members are working in the best interests of the organization to do the following:

A. Govern

1. Meet once a month.
2. Board meeting minutes taken.
3. Establish general policies for the center, except in the case of a public center.
4. Must adopt and periodically review Bylaws.
5. Must have authority to establish clinic policies and procedures.
6. Must evaluate its performance annually.

B. Handle select personnel matters

1. Grant privileges to providers (usually done through approval of provider agreement and a following recommendation by Executive Director upon credentialing).
2. Review and represent Personnel policies & procedures including:
 - a. Salary and benefit scales;
 - b. Personnel management procedures; and
 - c. Provisions for compliance with Equal Opportunity Laws.

C. Monitor center finances³

1. Adopt policies for financial management.
2. Adopt system for fiscal accountability.
3. Approve annual budget.
4. Establish fiscal priorities.
5. Must have conflict of interest and whistleblower policies.
6. Must review audit.

D. Evaluate clinic operations

1. Adopt policies & procedures for referral, after hours care, protocols, and a medical record system.
2. Adopt Patient's Bill of Rights & Responsibilities.
3. Assure that center is compliant with applicable laws and regulations.
4. Select the scope, location, and availability of services to be provided by the center.
5. Schedule hours during which such services are provided.
6. Review productivity.
7. Establish Quality of Care Audit Procedures, including peer review, credentialing, and competency procedures.
8. Review health care services plan.
9. Review utilization patterns.
10. Review patient satisfaction.
11. Ensure achievement of program objectives.
12. Review patient grievances.

E. Oversee compliance and performance improvement

1. Be informed – request reports.
2. Adopt resolution to establish QA Board Program.
3. Adopt a center Code of Conduct.
4. Designate Board Chair in QA Board.
5. Oversight of center policies and procedures

³ This policy and procedure meets the requirements for The Joint Commission Element of Performance LD.04.01.03 CAMAC Update July 2016. "The organization develops an annual operating budget and when needed, a long term capital expenditure plan".

- a. The Board has ultimate responsibility for center policies and procedures. However, the center policies and procedures are formulated with input from both the Board and its staff.
 - b. The Board should be knowledgeable about the intent and effect of center policies and procedures established by the Board and through review of policies and procedures developed by the staff.
 - c. The Board should have input on what types of policies require Board approval and what policies do not require Board approval and may be approved by the Executive Director.
 - d. The Board will review the effectiveness of center policies and procedures.
6. Ensure representation at training sessions.
 7. Follow up on actions -- must enforce the discipline.

Board meeting process:

- A. Meetings of the Board are set in advance consistent with the entity's Bylaws.
- B. Meetings of the Board should follow an agenda.
- C. The Board will follow the rules of order, as set forth in its Bylaws.
- D. The Board will receive reports for information and may receive recommendations that require Board action.
- E. The Chair of the Board may invite visitors to Board meetings. Should there be visitors at the meetings, the Board should go into executive (private) session to consider litigation, personnel, or other confidential or proprietary matters.

Decisions of Board or administration:

The Board and Executive Director should establish guidelines for identifying issues that require Board involvement and those that are managed through the administration. The Board guides center policy and the Executive Director and staff implements the policy.

Generally, the Board is involved in decisions regarding:

- A. Issues that affect the whole center (as opposed to an individual);
- B. Issues concerning fiscal responsibility and accountability;
- C. Issues that are basic policy issues (dictating what the center will or will not do);
- D. Actions required by law (such as expenditure of resources and granting clinical privileges); and
- E. Recommendations presented to the Board by the Executive Director.

Board evaluation:

As a function of the center's QAPI Program, the Board annually reviews and audits critical components of its oversight responsibilities. The Board must confirm that essential functions of the center are performed in a

- Approved: 3/28/2024
By: Governing Board
- Effective: 02/23/2023

satisfactory and efficient manner consistent with the law, accepted administrative and operational practices, and requirements of the funding entities. This review includes the annual reports of the QAPI Program and the approval of the QAPI Plan for the next year.

The Board evaluates its functioning and effectiveness annually along with other center QA Board evaluations and monitors. The Board evaluation should be recorded in the minutes with reviews of other annual reports and actions.

Organizational Updates Submitted by Executive Director

Dental Clinic Board Update – February 27, 2025

- Visit Numbers – Based on “FQHC Qual Enc” in NextGen
 - We continue to see walk in patients in pain as we can fit them into our schedule.
 - We continue to release comprehensive exams on the 15th of every month.
 - For February 2025, the Dental Clinic had a decrease of 9.88% in qualifying encounters compared to February 2024. We had two dentists that were out for one week due to expiring vacation grace time
 - The Dental Clinic had an increase of 1.07% in qualifying encounters when comparing March 1, 2024 – February 28, 2025, with March 1, 2023 – February 29, 2024.

- Dental Charges
 - For February 2025, the Dental Clinic had an increase in charges of 2.31% compared to February 2024.
 - The Dental Clinic had an increase of 11.28% in charges when comparing March 1, 2024 – February 28, 2025, with March 1, 2023 – February 29, 2024.

- Current projects, plans, department overview for dental
 - Dr. Lindskog continues to serve on the COM Hygiene School Advisory Board
 - Exploring opportunities for rotations at CHW for dental hygiene students
 - UT Health School of Dentistry (Houston)
 - Exploring opportunities for rotations at CHW for dental students and residents
 - Head Start
 - Francine is working with the school to proactively complete packets for the 2025-2026 school year during their registration and Back to School events

Governing Board March 2025 Meeting

School Based Clinic:	January	February

Total :	43	40
Telehealth/Doxyne:	January visits	February visits
	229	160
CHW Clinic Visits:	January visits	February visits
Kept:	2127	2093
No Shows:	686	664
No show rate:	24.4%	24.1%
Retinal scans	39	40
Total charges:	\$577,725.20	\$573,375.73

Clinic Updates:

We continue to partner with UTMB and St Vincent on study to improve diabetic control. We continue with our weekly meetings, now focusing on getting final testing for the patients. This year's program is winding down. UTMB submitting grant applications for a continuation of the program. They are anticipating initial results of study sometime this summer.

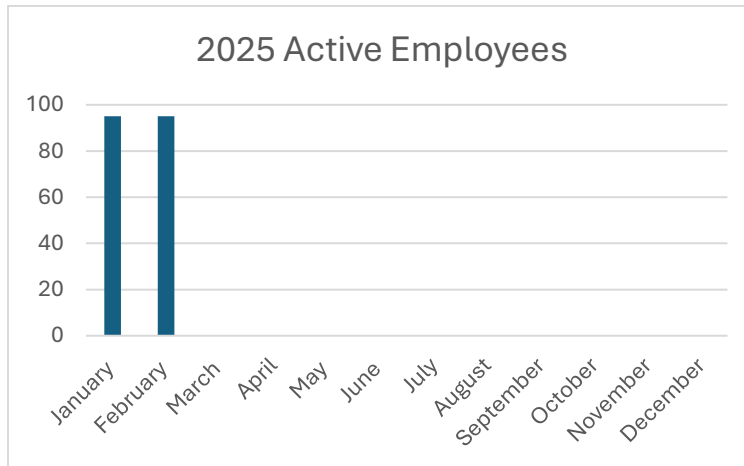

We are developing an internal orthopedic focused clinic. One of our current providers has extensive experience in orthopedics. This may include injections of knees and shoulders IF appropriate.

We are in preliminary discussions with the Internal Medicine and Family Medicine departments from UTMB about the possibility of having their residents staffing evening and Saturday clinics

Stay Protected Against Measles: Check Your Immunity at Coastal Health & Wellness

Did you know that immunity to measles can wane over time? Even if you received the MMR vaccine in the past, it's possible that your protection has diminished. The good news is that you can easily check your immunity status with a simple MMR titer test at Coastal Health & Wellness Express Lab for \$42—and you don't have to be a current patient.

This test will give you peace of mind by confirming whether you're still immune to measles, mumps, and rubella. If the results show you're not immune, you can schedule an appointment with Coastal Health & Wellness to receive your MMR vaccine.

Not covered by insurance? The Galveston County Health District Immunizations Clinic next door offers private-pay vaccines and is a participant of the Texas Vaccines for Children (TVFC) and Adult Safety Net (ASN) programs.

Don't wait—protect yourself and your community by checking your immunity.

ADULTS CAN GET MEASLES TOO!

Check your immunity with titers.

Coastal Health & Wellness offers Express Lab testing to check your Measles immunity with the MMR titer.

MMR titers are \$42 with results in a few days. You do NOT have to be a patient to test your immunity at CHW.

Meet the Team: Employee Shout Outs

Meet the team! Every week an employee from the Galveston County Health District, including Coastal Health & Wellness (CHW), Animal Resource Center, and Galveston Area Ambulance Authority, is highlighted on all platforms. Below is the highlighted CHW employee for the month.

Meet LaTonya Jones!

LaTonya is a Certified Medical Assistant III for Coastal Health & Wellness, a Community Health Center under GCHD. She joined us five years ago and has been in her field since.

Where are you from?

"La Marque, Texas"

What is your favorite part of your job?

"My favorite part of my job is being able to help patients."

What is one fun fact about you?

"I really think I can rap, so before I turn 50, I will make a rap album, lol."

If your life were a movie, what would the title be?

"Oh No, Ma'am. Who are you talking to??"

We asked LaTonya what is something you would like everyone to know about your job/ department they may not know. She replied, "We see all types of patients, and it can get overwhelming sometimes, but with the great team that I'm thankful to work with, it makes our job run smoothly."

Celebrating National Dentist's Day: A Big Thank You to Our Oral Health Heroes!

On March 6, National Dentist's Day, we took the opportunity to reflect on the important role that dentists play in our overall health. Dentists not only help us maintain good oral hygiene through regular cleanings and check-ups, but they also detect early signs of health issues such as gum disease, cavities, and even more serious conditions like oral cancer.

Routine dental visits can prevent many health problems by addressing them before they become more serious. Whether it's a routine cleaning, a filling, or even more complex procedures, dentists work to ensure that we maintain healthy teeth and gums, which in turn supports our overall well-being.

We are grateful for the hard work and expertise of our dental professionals. Thank you to our dedicated CHW dentists: Dental Director Hanna Lindskog, DDS; Unsil Keiser, DDS; Suma Shetty, DDS; Shady Bishai, DDS; Casey Tatsch, DDS; and Gilberto Garcia, DDS.

If you haven't done so already, make sure to schedule your next dental check-up to keep your smile and health in top shape!

Coastal Health & Wellness Celebrates Dental Assistant Recognition Week

From March 2-8, we had the honor of celebrating Dental Assistant Recognition Week—a time to recognize and appreciate the vital role dental assistants play in the success of dental practices and patient care. These dedicated professionals are often the unsung heroes of the dental world, working behind the scenes to ensure everything runs smoothly.

Dental assistants support dentists in a variety of ways, from preparing instruments and assisting during procedures to helping patients feel comfortable and informed. Their expertise, professionalism, and compassion are essential in providing high-quality care and making each visit a positive experience for patients here at Coastal Health & Wellness.

We want to thank all our dental assistants for their hard work, dedication, and unwavering commitment to excellence in oral health care. Your contributions are truly invaluable, and we appreciate all that you do every day!

From top left to bottom right, pictured are: Alexis Hernandez, Kirsten Saddler, Angela Salazar, Elizabeth Sirju, Erica Dickey, Joaquin Hernandez, Beatriz Soliz, Gabriella Trevino, and Shelby Salazar.

March is Colorectal Cancer Awareness Month: The Importance of Screening, Prevention, and Early Detection

March is Colorectal Cancer Awareness Month, a time to emphasize the critical role of screening in the fight against colon and rectal cancer. Colorectal cancer is one of the most preventable cancers, yet it is the number one cause of cancer-related deaths in men under 50. The good news is that when caught early through regular screenings, it is highly treatable and even preventable in some cases.

While colonoscopy remains the gold standard for colorectal cancer screening, noninvasive options like the fecal immunochemical test (FIT) are highly recommended for average-risk patients aged 45 and older. At Coastal Health & Wellness, we offer FIT testing as a simple, effective, and convenient way to screen for potential issues before they become serious.

If you're over 45, or have a family history of colorectal cancer, now is the time to take action. Schedule your FIT test today at Coastal Health & Wellness and take the first step toward protecting your health. Early detection can save lives!

**Colorectal cancer is
the #1 cause of
cancer death in men
under 50**

#ColorectalCancerAwarenessMonth

American Diabetes Alert Day: Take Control of Your Health

On March 25, we recognize American Diabetes Alert Day, a day dedicated to raising awareness about the importance of understanding and managing diabetes. With over 34 million Americans living with diabetes, many are unaware of their condition. Early detection is crucial, as it can help prevent serious complications such as heart disease, kidney damage, and vision loss.

If you're at risk—whether due to factors like being overweight, having a family history of diabetes, or having high blood pressure—it's essential to get tested. Our providers at Coastal Health & Wellness can help you understand your risk and take proactive steps toward better health.

Additionally, our Chronic Care Management program is here to support you every step of the way. If you're living with diabetes or other chronic conditions, our team will work with you to create a personalized care plan, monitor your health, and help you manage your condition effectively.

Don't wait—early detection and proactive management can make all the difference in reducing your risk of diabetes and improving your quality of life. Contact Coastal Health & Wellness today to take control of your health!

March is Endometriosis Awareness Month: Raising Awareness and Supporting Women's Health

March is Endometriosis Awareness Month, a time to bring attention to the often-overlooked condition that affects 1 in 10 women worldwide. Endometriosis occurs when tissue similar to the lining inside the uterus grows outside of it, causing chronic pain, heavy periods, and potential fertility challenges. Despite its prevalence, many women suffer in silence, unaware that help is available. Raising awareness about the symptoms, diagnosis, and treatment options is critical for improving the lives of those affected.

Common symptoms of endometriosis include:

- Chronic pelvic pain
- Painful periods
- Pain during or after sex
- Heavy or irregular bleeding
- Difficulty getting pregnant

While endometriosis is a common condition, it often takes years for women to receive a proper diagnosis. Early detection and treatment can significantly improve quality of life and fertility outcomes.

If you're experiencing symptoms of endometriosis, don't wait to seek help. At Coastal Health & Wellness, we are committed to supporting women through compassionate, comprehensive care. Our dedicated women's health team is here to listen, help you understand your condition, and work with you to find effective solutions—empowering you to live your healthiest life.

The infographic is set against a dark blue background and is divided into two sections by a vertical white line. The left section features the text "March is Endometriosis Awareness Month" in white and yellow, with a large yellow ribbon symbol below it. The right section contains the text "Endometriosis affects roughly 1 IN 10 reproductive age women and girls globally." in white and yellow. Below this text is a grid of 11 white female icons, with the first icon in the top row highlighted in yellow to represent the 1 in 10 statistic.

Celebrating National Doctors' Day: Honoring the Heart of Healthcare

On March 30, we celebrate National Doctors' Day, a day dedicated to recognizing and appreciating the incredible work of doctors who dedicate their lives to improving the health and well-being of others. Doctors are the foundation of healthcare, offering care, support, and guidance to patients at every stage of their health journey.

At Coastal Health & Wellness, we are deeply grateful for the expertise, compassion, and commitment of our doctors. They work tirelessly to ensure that you receive the best care, whether it's through routine check-ups, managing chronic conditions, or providing critical care during difficult times.

Today, let's take a moment to thank the doctors who make a difference in our lives every day. Your dedication and hard work are truly appreciated, and we are thankful for all that you do!

Chris Garcia, MD

Coastal Health and Wellness Medical Director

Specialty: Family Medicine

Medical School/Residency: UTHSC Houston, John Peter Smith Hospital
